SUMMARY

CROR-qualified rail conductor with hands-on CN experience in yard switching and train operations. Safety-first and procedure-driven, with a strong warehouse, logistics, and freight-handling background. Reliable solo or on a crew, and committed to a long-term railroading career.

CERTIFICATIONS & SKILLS

CROR • Yard switching & train building • Securing equipment (Rule 112) • Point protection & shoving • Radio & hand signals • First Aid • H2S Alive • Class 5 licence • Forklift & pallet jack • Freight handling

EXPERIENCE

Conductor / Engineering Department — Canadian National Railway

2023 – 2025

- Switched cars, built trains to outbound order, and coupled, kicked, and spotted equipment under CROR.
- Lined and protected switches, gave point protection on shoves, and secured equipment with hand brakes (Rule 112), testing for effectiveness on grade.
- Communicated by radio and hand signals — positive identification, distance counts, and repeat-backs — in a fast-moving, all-weather, around-the-clock environment.

Order Picker / Forklift Driver — Aimco International

2021 – 2023

- Loaded, unloaded, and moved freight and materials; operated forklifts safely per site procedures.

Fulfillment Associate — Amazon

2020 – 2021

- Picked and processed orders accurately using RF scanner, pallet jack, and lift truck; met high-volume targets.

Order Picker — Sobeys Distribution Centre

2017 – 2020

- Operated warehouse equipment for order fulfillment in a busy distribution setting.

Labourer / Roofer — SKP Roofing Inc.

2014 – 2017

- Roofing and cladding installation; worked from instructions with minimal supervision.

PROJECTS

CN Conductor Trainer (self-directed) — Browser-based CROR training suite (switching simulator + 186-question rule quiz), built from the Canadian Rail Operating Rules and checked by a working CN trainer. jordan-doerksen.github.io/cn-conductor-trainer

EDUCATION

High School Diploma — Henry Street High School
